

STRIP-ART-NICA

Kulturni dan osmošolcev in devetošolcev ALI SI STRIPOHOLIK?, ki smo ga izvedli 13. maja, je bil namenjen filmski, literarni in likovni vzgoji. Po ogledu dokumentarnega filma **Ko črte govorijo** in dveh mladinskih oddaj, Firbcologi in Infodrom, ki prav tako govorita o stripu, so se lotili lastne zgodbe v sličici in besedi na aktualno temo: izredne razmere, koronavirus, osamljenost, življenje znotraj zidov, zdravje ...

Nastali so raznoliki stripi, morda nekateri ne najbolj likovno dodelani, a vsi objavljeni nosijo dobre zgodbe in sporočila.
